

It is not necessary to shampoo quite so frequently if your hair is properly cleansed each time by the use of the really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers may be prepared very cheaply by dissolving a teaspoonful of canthox, obtained from your druggist, in a cup of hot water. This rubbed into the scalp creates a thick, rather soothing and cooling in its action, as well as very beneficial to the scalp and hair. After rinsing, the scalp is fresh and clean, while the hair dries quickly and evenly, developing a bright luster and a soft pliancy that makes it seem very heavy.
